

CBYF CAPACITY FUNDING

Communities Building Youth Futures in the Alberni Clayoquot wants to work with you!

Recognizing the need for youth support and programming in our communities our first step is to hold up and build capacity in current systems. So we are launching a one time capacity funding stream for Alberni Valley and West Coast youth programs.

What:

- You can apply for up to \$10 000 for your youth program to be used by December 2022
- These funds can cover supplies, wages, activities or space
- Activities should address Youth Belonging and Support (Transitions, Mental Health, Harm Reduction, housing and other social needs) and/or Connection to Land and Culture

How:

We are keeping this simple, submit a Letter of Interest which tells us:

- A little about your program or project and how these funds will increase capacity to meet our shared goals
- How does your program centre youth voice and engage youth leadership
- The youth you are working with and how many you plan to engage
- Your plan for the dollars with a brief budget

Who:

- Any youth serving program or project
- Non-profit or CRA registered organizations are preferred but our coordinators are available to assist with connections

When:

- Call for Letters of Interest closes June 8th, 2022 at 4pm
- Letters of Interest will be reviewed June 15th, 2022 and successful applicants will be notified by June 17th, 2022

Submit your Letter of Interest to achn@acrd.bc.ca. Get in touch with our Community Youth Facilitators for more details, questions and any assistance with Letters of Interest!
